Dear Mr. Boyce:

Re: Kennecott Ownership Change and Annual Report

Thank you for your June 1, 1987 letter regarding Kennecott's ownership change. Please check with your legal department to see if this ownership change will require a permit transfer or new surety for Kennecott's two permits and associated sureties that are held by this Division. The permits and sureties are listed below:

1. Mining and Reclamation Plan
Bingham Canyon Mine
Kennecott Copper Corporation
Utah Copper Division
Final Approval: October 2, 1978

Mined Land Reclamation Contract
Kennecott Copper Corporation
2. UCD Modernization Project
Kennecott
Utah Copper Division
Final Approval: September 23, 1986

Bond 2S100361315 for \$8,263,990.00
Kennecott Corporation

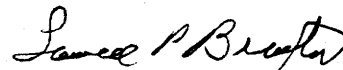

It has also come to my attention that you have not filed an annual report covering mining and reclamation for 1986. This report is required of all mining operations and is specifically required of Kennecott by stipulation 5 of the September 1978 Mined Land Reclamation Contract.

Mr. Boyce stated in a subsequent verbal communication that his legal staff advised him that the present bonds are still valid. I advised him to report this to Lowell in writing.
